What? Who? Why? When?
How? How come?
I have an open, curious mind.
I like to explore,
investigate and uncover.
The more I learn,
the more my world opens up.

SELF-AWARENESS

I am more than what you see.
You are more than what I see.
I use my thoughts, feelings and
actions to know myself.
And express what I stand for.
The more honest I am with myself,
the more compassionate I become.

VOICE

I hear a voice in my head, my heart, my gut.
I decide when and how to use it,
for myself, and those with no voice.
It's sometimes strong, sometimes soft.
But it's always there. And always worthy.
